NEVER GIVE UP

To the new resident of Room 406:
First let me say welcome to your new home. You made it through the first phase of your recovery and now the real work begins. You can look at this as a place to crash or as an opportunity to get yourself together and start living life. Stay strong and if you use the tools you learned and develop a strong support system you will make it through. Go to AA/NA meetings. You will find people who will be there for you. My last piece of advice is this **NO MATTER WHAT HAPPENS NEVER GIVE UP!**

A LETTER TO YOU

To whom it may concern:

My name is Jeffrey D. I stayed in room 445 from July 29th to September 19th. My stay here at the YMCA could not have been better. The facility was very clean throughout the building. The staff was always polite and went out of their way to help in any way they could. I commend Marci and Curtis. They showed me the utmost respect and their professionalism was superb.

I am very grateful for this organization in helping me to get back on my feet. It is a wonderful jumpstart for men as we start a new beginning in life. Thank you and god bless this organization.- Jeffrey D.

To Marci and Curtis:

Thanks so much for the last four years! When I came here I was broke and in debt. But over the last few years I found work in a new industry, became a manager, and established a great career.

I'll always remember the conversations I had with myself in that small, but accommodating room. It's amazing how a safe, healthy place can help clear a person's head and help them move past mistakes and make better life decisions. I never thought I'd be here for so long but I am all the better for it. This was a great place for me to make a second start. Best wishes to the both of you and your families.
